

Happy birthday poster

The Happy birthday poster can be used to celebrate the birthdays of the children in your class.

Here are some ideas for using the poster:

For the wall

1. Print and cut out the candles on this page.
2. Print the poster in A3 or A4, and cut out, laminate and display it in your learning space.
3. When it is one of the children's birthdays, use a whiteboard marker to write their name on the cake.
4. Attach the correct number of candles to the cake.
5. The child, or all the children together, can count the candles in your chosen language.
6. Practise saying 'Happy birthday' in your chosen language to the birthday child throughout the day.

As a take-home poster/card/certificate

1. Print the poster.
2. The child can cut out and paste on, or draw on, the correct number of candles for their age.
3. Encourage the child to count the candles in your chosen language.
4. The child can write their name on the cake.
5. The birthday child can take home the poster to share with their family.

Note: With some families, you may need to be mindful of any cultural sensitivities around the celebration of their child's birthday.
